Hi Keith,

Just wanted to update you on our KBKK bank deposits.

Here is the deposit dates that indicate one month is still missing:

October 18, 2019	\$645.54	Last old deposit amount
November 26, 2019	\$770.79	New deposit amount.
December 31, 2019	\$770.79	New deposit amount
January 2020	\$ 0	No deposit
February 24, 2020	\$1541.59	Deposit for both January and February at new amount
March 2020	\$ 0	No Deposit
April 24, 2020	\$770.79	New deposit amount (It seems this should have also including March)

Also, maybe the random deposit dates may suggest something about the problem. Likely not.

Let me know Monday what you think.

Thanks

Take care,

Denny
